5 October B.E. 2561 (2018)

Dear Sir/Madam,

**Subject: Legality Assurance for Exempted List of Wood Products**

This letter is to certify that according to Thai law, Thai Government allows to export the saw dust, wood scrap and wood pellet to any country on the legal basis.

In principles, the article 3 of the Notification of Ministry of Commerce B.E. 2555 defining that the wood products from Thailand require permission before exporting outside the kingdom excluded all types of rattan palm, bamboo, palm, root, vine, veneer wood, vegetation, sawdust or wood scrap no matter stick together or in a form of pieces, pellets.

Therefore, Royal Forest Department certifies that all the shipments with those products from the exempted list are considered legal in compliance with Thai law and free to export to any country without additional permission required.

Sincerely Yours,

(Mr. Banjong Wongsrisoontorn)

Director of Forest Certification office
